

Positions for Staff Recruitment

First round

Career	Publish date	Job details	Job Status	Contact
Head of Stress	6 jun 2025	<ul style="list-style-type: none"> • Experience of 5+ years in structural analysis and calculation • Experience in ANSYS Enterprise, Salome Meca, NCode • Skills in team leading and project management • Collateral experience in Materials and Processes and Loads. 	OPEN	Contact us
Head of Loads	6 jun 2025	<ul style="list-style-type: none"> • Experience of 5+ years in aeroelastic loads calculation • Experience in OpenFast / GH Bladed • Skills in team leading and project management • Collateral experience in Aerodynamics and Control 	OPEN	Contact us
Senior Aeroelastic Loads Engineer 01	6 jun 2025	<ul style="list-style-type: none"> • Experience of 5+ years in aeroelastic loads calculation • Experience in OpenFast / GH Bladed 	OPEN	Contact us
Senior Aeroelastic Loads Engineer 02	6 jun 2025	<ul style="list-style-type: none"> • Experience of 5+ years in aeroelastic loads calculation • Experience in OpenFast / GH Bladed 	OPEN	Contact us

Semi-Senior Stress Engineer 01	6 jun 2025	<ul style="list-style-type: none"> • Experience of 3+ years in structural analysis and calculation • Experience in ANSYS Enterprise, Salome Meca, NCode 	OPEN	Contact us
Junior Stress Engineer 02	6 jun 2025	<ul style="list-style-type: none"> • Experience of 3+ years in structural analysis and calculation • Experience in ANSYS Enterprise, Salome Meca, NCode 	OPEN	Contact us
Semi-Senior IT Manager:	6 jun 2025	<ul style="list-style-type: none"> • Experience of 5+ years in IT management • Experience in Google Business environment under Microsoft software 	OPEN	Contact us
Senior Project Manager	6 jun 2025	<ul style="list-style-type: none"> • Experience of 5+ years in project management • Experience in project control, supply chain, purchasing, financials, legal and business development • MBA necessary 	OPEN	Contact us
Senior Office Manager	6 jun 2025	<ul style="list-style-type: none"> • Experience 5+ years in office management and assistance to Executive and C levels • Experience un accounting, fiscal and laboral aspects 	OPEN	Contact us

Head of Electrical Systems	6 jun 2025	<ul style="list-style-type: none"> • Experience 5+ years in wind turbine electrical systems: generators, converters, transformers , cabling and grid code • Experience in Design, Manufacturing, Integration, Prototyping, Testing and Series Manufacturing. Expertise in Supply Chain. 	OPEN	Contact us
Head of Certification	6 jun 2025	<ul style="list-style-type: none"> • Experience 5+ years in wind turbine Certification Process (IEC Standards), Design, Prototyping, Testing and Certification negotiation and Closure • Experience in Supply Chain Certification, QMS - Quality Management System, Site Specific Certification, Environmental Assessments and Site Specific Certifications. 	OPEN	Contact us

Second round

Wind Turbine Control Systems Engineer	6 jun 2025	<ul style="list-style-type: none"> • 3+ years of experience in control systems design and validation for wind turbines • Proficient in MATLAB/Simulink and embedded systems • Strong collaboration skills with Loads and Aerodynamics teams • Experience in adaptive or AI-based control is a plus 		Contact us
Blade Design Engineer	6 jun 2025	<ul style="list-style-type: none"> • 3+ years of experience in wind turbine blade design • Knowledge of composite materials and IEC standards • Advanced use of tools like CATIA or SolidWorks • Familiar with structural and CFD analysis 	OPEN	Contact us
SCADA and Data Analytics Engineer	6 jun 2025	<ul style="list-style-type: none"> • 3+ years of experience integrating SCADA systems in renewable energy • Familiarity with platforms such as PI System, AWS, or Azure • Skilled in predictive analytics and data-driven maintenance • Programming in Python, SQL, and/or R 	OPEN	Contact us

Electrical Systems Lead Engineer	6 jun 2025	<ul style="list-style-type: none"> • 5+ years of experience in electrical systems design for wind turbines • Knowledge of power converters, transformers, and electrical regulations • Coordination with assembly and maintenance teams • Technical supplier management experience 	OPEN	Contact us
Manufacturing Process Engineer	6 jun 2025	<ul style="list-style-type: none"> • 3+ years of experience in industrial manufacturing processes • Specialization in wind turbine components (blades, nacelles, towers) • Knowledge of Lean Manufacturing and Six Sigma • Skills in continuous improvement and cost optimization 	OPEN	Contact us
Head of HHRR	6 jun 2025	<ul style="list-style-type: none"> • 5+ Experience in selection process in wind industry • Experience in HHRR regulations, application and negotiations, experience in HSE, Talent attraction, organization culture creation, training 	OPEN	Contact us

Senior Business Development Manager – Wind Markets	6 jun 2025	<ul style="list-style-type: none"> • 5+ years of experience in international business development in the wind sector • Understanding of European and LATAM markets • Strong negotiation and contract closing skills • Capable of leading commercial proposals and tenders 	OPEN	Contact us
Simulation and Digital Twin Engineer	6 jun 2025	<ul style="list-style-type: none"> • Experience in mechatronic systems simulation and digital twin development • Proficient in tools like TwinCAT, ANSYS Twin Builder, or MATLAB • Capable of integrating into product development teams • Skilled in real-time data analysis 	OPEN	Contact us
Legal and Compliance Officer – Renewable Energy	6 jun 2025	<ul style="list-style-type: none"> • Experience in energy law, environmental regulations, and energy contracts • Ability to analyze legal frameworks in international markets • Strong knowledge of regulatory compliance and licensing • Fluent English required 	OPEN	Contact us

Logistics and Supply Chain Coordinator	6 jun 2025	<ul style="list-style-type: none"> • 3+ years of experience in industrial logistics and supply chain • Coordination of oversized components transport (blades, nacelles, towers) • Proficiency in ERP tools (SAP, Oracle) • Strong organizational and supplier negotiation skills 	OPEN	Contact us
